Spend your morning or afternoon with us at Acapilia Laser Clinic & Day Spa

We will cater for your every need to rejuvenate and revive your senses.

Acapilia offers a wide range of Refreshing treatments. Each person is treated individually to ensure your treatments are well suited to your specific needs, We consider that privacy is of utmost importance to you, so we strive to accommodate all requests from private massages, showers, e.tc.

Our Professionally Qualified therapists are always ready to offer you their best, to all your treatments.

So what do we have to offer? Plenty!

Treatments which are very popular are our laser facial treatments with a variety of Scientific Serums and Active Creams, to brighten and revive tired lifeless skin.

Facial Skin Peeling is recommended, to give you a quick fix to skin imperfections, leaving your skin silky and soft.

Massages are always a must, to unwind knots and tense muscles; this naturally uplifts your mood.

Body Scrubs and wraps are a real treat; this helps the skin to maintain a healthy glow from head to toe.

Hand and foot care treatments like manicures and pedicures give you a well-groomed polished look, with an added massage, and specialized hand creams. This ends off all treatments.

Hydrotherapy Treatments of a lavender & milk spa soak gives you a pampered feeling all over.

We have a private Jacuzzi – Aroma Scented Water. We have a cozy log fire lounge for you to enjoy throughout your visit or between treatments. The Spa offers Signature Spa Rooms from 2-4-6 people at one given time.

The Spa dose corporate Spa Days for companies, Batchelorette party themes Small groups for a pamper party for teenagers.

Lunch and breakfast is on request prior to spa days unless it has been worked already into spa packages

We introduced our Dr Fish concept into our spa early November 2008.

Kisses from real fish treatment.

Fish reflexology is done with real Garra Rufa fish which exfoliate dead skin enzymes off the body, leaving the skin silky and soft, improving circulation, disinfecting the skin, healing scratches, spots and wounds on the skin, assists in the treatment of skin conditions like, eczema, psoriasis, acne, athletes' foot and many more skin conditions. Helps to centre the body and lowers high blood pressure. First of its kind in South Africa, an exotic treatment that is a must to try out, a feel good experience.
